NORTH CHARLESTON—

This season was another great success for Jerry Zucker Middle School's girls' basketball team. The girls played hard and finished the season as both conference and tournament champions. This was the fourth straight year that the Lady Lightning has been undefeated. The team had to overcome a couple of hurdles this season, including three close games against Northwoods Middle and a game in which the opposing team had an eight-point lead with only one minute fifteen seconds remaining on the clock. They finished the championship game with only four players. According to team coach James Graham, "The competition was very stiff this year. We had to come from behind in half of our games. Although we were not blessed with height this year, we were blessed with heart and hustle. We can all take a lesson from the players in never giving up."
