NORTH CHARLESTON—

Volunteers from Trident United Way and Cummins Turbo Technologies installed an outdoor basketball hoop and made repairs to the tennis court on Jerry Zucker Middle School's campus on Friday, September 13 as part of Trident United Way's *2013 Day of Caring*. Cummins Turbo Technologies donated the materials used. Mr. Will Thompson, Communities in Schools Specialist at Jerry Zucker Middle School, coordinated the event. Up until now, students have been able to play basketball only in the gymnasium at Zucker. The outdoor hoop is a great addition which will enhance the health and wellness of students and staff alike. Trident United Way's *Day of Caring* is an annual event that provides volunteers an opportunity to give back to the community.

For more information regarding this event, please contact Principal Jacob Perlmutter or librarian Miranda Cary at (843) 767-8383.
